

Department of Education and Training - North Coast Region

2016 SCHOOL TO WORK TRANSITION PROGRAM

STUDENT SPOTLIGHT

MAX

Maleny State High School

NCP BATHROOM CENTRE NOOSAVILLE

"It is an exciting experience where you get to learn about logistics i.e. transporting goods, receiving goods and talking to customers. You get to go to TAFE where they show you the health and safety side of the industry, they define logistics and show you what it actually is. You go to work and learn about the products within plumbing and how to use that product. I would recommend the program to students wanting to go into logistics or a trade in the areas available."

Max is responsible for receiving invoices, checking goods, completing paperwork, reporting issues and keeping the loading bay area tidy.
